## LTTA in Valletta, Malta

Young people and youth workers attended the **GenZ4GD Ambassadors Training program** in Valetta from the 19th to the 21st of April to learn more about how to be actively involved in building a sustainable future in their local communities.

Fourteen youth workers and professionals were trained to use the **GenZ4GD youth course**, enabling them to implement it in their future work with young people.

The program also empowered them to become true ambassadors of the GenZ4GD project in their local communities, attracting new users and contributing to the sustainability of the course and project itself.

## Progress on recording GenZ4GD podcasts

The partners are working hard on producing podcast episodes with young people from Romania, Bulgaria, Spain, Cyprus, Serbia, Malta and Croatia on topics such as Climate change, Nature, youth and art, Volunteering, Circular economy, Sustainable lifestyle and businesses etc. The episodes will be available on the GenZ4GD YouTube channel.
